REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the overall claimed combination of a disposable article comprising a pair of first and a pair of second tapered folding guides each extending adjacent front and rear waist regions so as to divide the crotch region into first, second and third zones and including a first and second elastically stretchable member each extending across the first zone into the third zone and attached to the article inboard of the respective longitudinal side edge wherein the first and second zone form a convex tuck with the respective leg hole has neither been anticipated nor rendered obvious by the prior art of record.

Likewise, the prior art of record does not teach or fairly suggest the overall claimed combination of a disposable article comprising a crotch region formed with a pair of first and second tapered folding guides each extending from two points on the respective leg surrounding lateral margin aside front and rear waist regions so as to divide the crotch region into first, second and third zones and including a first and second elastically stretchable member each extending across the first zone to the third zone and attached to the article inside of the respective longitudinal side edge wherein the first and second zone form a convex tuck with the respective leg hole and the absorbent core is absent in the first and second zones.

Further, the prior art of record does not teach or fairly suggest the overall claimed combination of a disposable article comprising a crotch region formed with a pair of first and second tapered folding guides each extending from the

middle of the crotch to the respective leg surrounding lateral margin so as to divide the crotch region into first, second and third zones and including a first and second elastically stretchable member each extending across the first zone to the third zone and being located between and inwardly spaced from the first and second longitudinal side edges of the core wherein the first and second zones form first and second tucks, respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
